POPULAR WEBSITES FOR TEENAGERS

Teenagers spend a lot of time on the Internet. They often visit websites where they can find interesting information. Here are a few examples.

1.

One of the most popular websites for teenagers is *Theexplorers*. On it you can find fantastic pictures of all kinds of creatures, for example, elephants, crocodiles, lions or birds. You can also learn interesting facts about their life.

2.

Another popular website is *Letslearn*. When young people can't do their homework, they can ask for help. There are always good students online. They can explain something or show an easy way to do a task.

3.

Inshape is a website where young people can read about what they should eat to be healthy. They can also write about their ideas for meals which are delicious and good for the body.

4.

Out-fit is not only popular with girls. Many boys know a lot about trendy clothes. They give advice on what to wear every day to school or at the weekend to a party.
